INTRODUCTION

DESCRIPTION AND LIMITATIONS OF THE SCHOOL ACTIVITY FUNDS

Activity Funds are non-appropriated funds which the Board of Education designates to be placed in specific activity accounts. Non-appropriated funds are funds not received from state or federal governments or through local tax receipts. Activity funds may be raised from such sources as:

- Admission fees to athletic events, school or class plays, carnivals, or dances
- Sales of student activity tickets
- Concession sales, including funds received from vending concessions contracts and school picture contracts approved by the Board of Education
- Dues, fees, and donations to non-mandatory student organizations and which is not derived from the lease, rental or sale of property, supplies, products, or other district assets
- Income or revenue derived from operating student organizations or club projects, provided such revenue is not derived from the sale of property, supplies, products or other assets belonging to the school district
- Deposits or collections for the purchase of class pictures, rings, pins, announcements, banquets, and other such personal items; provided the cost of such items shall not be charged against other school funds
- Other income collected by school personnel for school functions as approved by the Board of Education

In summary, the Oklahoma Statutes mandates that the local Board of Education must be in control of all public funds collected and expended by a school district. Public funds have been defined by the Attorney General of Oklahoma to include any funds raised by students; funds raised on school property that has not been rented by a parent support groups; funds raised by a parent support group that includes school personnel.

It is important that these concepts be properly understood and that the person involved is accurately informed in this regard. PRINCIPALS, SECRETARIES, SPONSORS, AND ANYONE ELSE DEALING WITH ACTIVITY FUNDS ARE TO BE HELD ACCOUNTABLE FOR THEIR ACTIONS.

It is mandatory that any district employee who may make purchases or collect money using activity fund accounts attend an annual workshop conducted by district financial personnel as directed by the Superintendent of Schools. No one will be allowed to create requisitions or make purchases until they have completed the required annual training.

This manual is designed to provide a set of guidelines and procedures for the administration of the Piedmont Public Schools District Activity Funds. This handbook is provided to ensure that the guidelines are followed and that sound internal controls are in place to provide protection of student activity funds.
